

## **Deadly virus!**

The media informs us hourly on developments concerning this new virus called Covid-19 which, since December 2019, has killed more than 4000 people (as of mid-March 2020). During this same period, on our planet, over 10 million innocent human beings, thought sheltered in their mother's womb, have been put to death. In fact, each day, an average of 125 000 children are aborted before they see the light of day if not left to die on operating tables after birth. This I call the NoLife-20 virus, and it accounts for many innocent victims, continues unchecked and will probably never show up in the news!

## **100% more deadly virus**

One well-known deadly virus, yet ignored as much as the NoLife above, is much more widespread. You are infected with it and so am I! It is called sin, a subject many mock and want to ignore but which is 100% deadly. *«By one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned»* (Romans 5:12). This should be obvious to all; all the cemeteries bear witness to the fact and none of us will get to be 150!

## **Vaccine and healing**

For every novel virus, the medical profession tries to develop a vaccine. They are working on one now for Covid-19. There is no vaccine for the sin virus but the remedy has been around for quite a while; first recognize your infection and avail yourself of the remedy provided, namely the one our Lord Jesus Christ offers. On the cross, He bore the sins of all those that trust in Him and took upon Himself the consequences connected with our behavior.

## **Symptoms, diagnostic, treatment and consequences of neglect**

For current viruses, the symptoms resemble those of regular flu. As for the Covid-19 virus, lab tests alone reveal its presence or absence. The symptoms of the 100% deadly sin virus are, among numerous others, lying, hypocrisy, covetousness, uncleanness, adultery, robbery and excesses of all sorts. Any of that in your life? The only sure remedy is trusting in the value of the blood of Christ (1 John 1:7) which God applies to any who believe. The consequences of medical neglect may result in complications and permanent health issues and even death. But much more serious and eternal consequences await those who neglect the warnings and offer of forgiveness from God as *«it is appointed unto men once to die, but after this the judgment »* (Hebrews 9:27).

## **The power of Covid-19**

Frontiers and schools are being closed; sports and special events are being cancelled, the stock markets are falling drastically! What turmoil for such a microscopic organism! Doesn't such upset make us conscious of the frailty of the world we live in? At any moment it can be overturned by the powerful hand of God, a God Who in patience wants your attention. Has He got it or do you need more prompting?

Michel
